Nutritious products nowadays come with varieties of benefits to give the health and overall pampering your body needs. Facing a single health problem leads you to visit doctor, and especially if you face lack of any nutrient in body then nutritionists are the best to consult with. Well! You don't really need to go to a nutritionist to have the desired nutrition supplements. Dr. Axe is the perfect consultant for you to have all the required dietary supplements for your body. He is a renowned nutritionists having plethora of nutrition supplements for majority of the health problems.   
  
  
Dr. Axe has ventured an online store, Store.dr.axe.com that provides the supplements to provide home medicinal guidance and solutions for various health issues. One of their supplements, lemon essential oil is suited for variety of uses such as it provides healthy liver functioning, maintaining strong joints and muscles; it has antioxidants and keeps the immune system strong enough. The oil is certified organically, with 100% pureness with therapeutic grade manufactured from hundreds of lemons. It promotes your lymphatic health and overall healthy blood circulation that keeps your body energetic. It even keeps your gallbladder fit and supports all allergic levels providing immense relief.   
  
  
Ayurvedic medicine has been using lemon oil or lemons for variety of healthy uses due to lemon's characteristic to keep body free from all kinds of illness. Apart from the health benefits, this oil can also be used for various benefits like for teeth whitening, laundry freshening, and also can be combined with skin creams for making skin more healthy and shining. It repels bacterias and insects, so it is used for house cleaning also along with air freshener.   
  
  
Now apart from lemon oil, tea tree oil of Store.dr.axe.com is also used for different advantages. It is well made having warm, herbaceous and soil-like smell after diffusion. It kills all bacteria in the environment also keeping the lungs free from bad fluids. It can be applied with homemade usable things like shampoo, face wash, massage oil, creams or lotions and even with detergents. So basically it is multitasking oil with plenty of health benefits. Either you want to use it for your face, on your body, on hairs, or spray in home to kill bacterias; it works best for all uses. Also it works on wounds as an antiseptic on burns, wounds, cuts or skin irritations.   
  
  
Apart from oils, Dr Axe also provides supplements of protein, collagen, probiotics & enzymes and many more.
